Stock Salesmen Held Up

J. R. Graham and DeWitt McConnell, both claiming residence in New York, were brought before Judge W. F. Jones in Norway Municipal Court Monday, charged with selling securities as salesmen for a dealer without a Maine license. They professed ignorance of any wrong doing, not being familiar with the Maine statute. To allow communication with the New York office, bail was placed at $200, this being quickly furnished by F. Robert Seavey of Beals Tavern and Walter L. Gray, Esq., of South Paris, and the case continued twenty-four hours. Alton C. Wheeler appeared for the state.

When the case was called Tuesday forenoon, County Attorney Frederick R. Dyer of Buckfield had charge of the prosecution. The respondents appeared with Walter L. Gray, esq., and a New York attorney, who arrived accompanied by a representative of the brokers, Brainerd Bros., the agents as a witness. Everybody concerned wanted to do the right thing. After the law had been explained and consultation held, the respondents were discharged on condition a proper license be secured and the law obeyed. The Bank Commissioner arrived from Augusta after it all was over, but the matter came up before him and adjusted satisfactorily. So far as could be learned, but one sale had been made in town, which was cancelled and a note given in payment returned to the maker it is claimed.

The court proceedings were the culmination of a stock selling crusade started here about two weeks ago when the pair representing the Standard Film Co. operating a studio at West 90th street, New York City with Brainerd Bros., brokers with others as supporters.

An investment in a motion picture enterprise that would cater to educational institutions and religious bodies was offered with incomes sufficiently large to make the new Liberty Bond 4 per cent. look anemic. A stereoopic patent was also included as an added inducement to a prospect. Prominent business men were approached and the more conservative stalled, being a trifle suspicious of the apparently inflated returns promised. It was also argued that gilt edge stock of great promise would never go begging way down East, therefore there must be something off color with the proposition. It was learned from Augusta that the salesmen were not registerd in the state and so far as known the stock was not listed. These facts had a tendency to black ball the whole outfit with the super-cautious.

On the other hand a large number investigated their scheme carefully and are confident everything is on the level and legitimate. They have considered their documentary evidence of good faith over the signature of prominent educators and investors so feel certain that the business in itself is sound, the misunderstanding on the salesmen's part coming about through ignorance of our state laws.

Mr. Graham and Mr. McConnell, who have been at Beals Tavern made no attempt to leave town during the trouble and feel deeply hurt because of this unpleasant situation.

The W. C. T. U. will meet with Mrs. E. F. Bicknell Wednesday p. m., Oct. 10. The subject for discussion will be "Temperance in Sunday Schools."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. BROKEN DOWN IN HEALTH

Woman Tells How $5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took $5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

James J. Fields

James J. Fields passed away at his home at East Stoneham on the morning of Sept. 23, aged nearly 80 years, heart trouble being the direct cause.

He was born Dec. 15, 1837, at Norton, Mass., the son of William and Sally (Daggett) Fields, both natives of Massachusetts. His early years were passed in that town and Attleboro, where he received a practical education.

DECISION FOR MOREAU VS. TOWN OF RUMFORD

A report was submitted Sept. 26 by the referees in the hearing of the T. F. Moreau vs. the Town of Rumford. This case was more than two days bfore the court at Rumford and heard at Auburn, before referees, August 15, 1917. Justice Arno W. King and architects, Addison G. Pulsifer of Lewiston and Reul J. Noyes of Augusta served as referees and Mc Gillicuddy & Morey and Bisbee & Parker and Matthew McCarthy handled the case. It was determined that the plaintiff, Thaddea F. Moreau, is entitled to and is to recover of the defendants the inhabitants of the town of Rumford, the net sum of forty-eight hundred eighty-eight and fifty cents, which sum is the net amount due the plaintiff upon his claims and demands against the defendants as sued for, after all credits and counter claims on the part of the defendants, including all claims by way of alleged discounts, recoupements, or otherwise, have been deducted, and said sum of $4,888.50 includes all interest to this date, September 8, 1917.

It was awarded that the plaintiff recover of the defendants the expenses and fees of his witnesses, amounting to $112.82, as agreed to by the court, that it is reasonable that the referees should receive at least $15 per day each for their services, and as below, that one-third of that per diem be paid by the parties equally, and that the remaining two-thirds thereof be paid by the county, together with all the expenses of the referees.

"I Should Worry Now About Corns!"

They Peel Off With "Gets-It."

Two corns are no worse than one, and one is nothing at all—when you use "Gets-It," the one real corn-shrinker, corn loosener, peel-it-right-off corn-remover. That's because two drops of "Gets-It" eases your corn-pains at once, and you know that that old corn has been "nipped in the bud." "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary. Remember "Gets-It" is safe.

One Corn Plus "Gets-It" Equals One Foot, Corn Free.

You'll not have to take off your shoe or pumps under the table at the cafe to ease your squirming soul. See that you get "Gets-It." Don't be insulted by imitations. 25c is all you need pay at any drug store for "Gets-It," or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Norway and recommended as the world's best corn remedy by Frank Kimball, A. L. Clark Drug Co.

JOURNEY UP SUNDAY RIVER

Leave Norway at 10:26 a. m. and get to Camp Brockton three hours later, going through Albany over the Valley road. Take the right hand road near the charred remains of Elliott & Bartlett spool mill.

The house opposite painted light green and white is Henry Plummer's. Two cobble-stone cement posts and a well kept lawn mark the place. I saw them when being made last year. Henry was doing the work and his wife seemed to be bossing as all good women do when improvements are being made near their home.

A half mile or so up this road from Misqueto Crossing take the left road and go to Albany Basins. Cyrus Kneeland once lived there or did at least, when I last called, say 32 years ago and he invited me to come again, but I understand Mr. Spearin, its present city owner prefers to be let alone in the enjoyment of the natural wonders in his possession. I did not venture a call.

I did intrude on Harry Brown at North Waterford and saw him turning out a dozen or so corn boxes per minute. A car load is turned out in short order and a good part of a train load is due to leave Norway in the next 30 days. The mill is being run overtime. He has a Government contract of odd sized cases to deliver at once.

Pretty much all the activities of North Waterford center in Harry Brown outside the World's Fair, which this year occurs Friday and Saturday, Oct. 5 and 6. Going through the place about all you see is two mills, logs and lumber owned by him.

The village proper is on a nearby hill much shut in from the view of auto traffic. A church, stores, hotel, fine residences and many good people are there which you see little of except at the annual Free-for-All Cattle Fair. Then gaiety and revelry break loose and hold sway for two whole days. Darkness and hobbles no bar; continuous performance, with fiddle and toe. Friday and Saturday after the Fryeburg fair. No postponement on account of the weathr.

Had I been more diplomatic and less direct I could have got field corn for boiling at Frank Emery's, but as it was I got left. I was told that pretty much all the corn planted in Albany was drowned out by the early rains and none could be had. I noticed a nice field of corn and potatoes back of the house, but dared not go in and help myself. Frank Emery has a nice place and is a good farmer and is a brother of Roscoe Emery. I'd dare steal corn of the latter, but not of Frank after what the lady in the door said hence I waited until I got near Dave Fleet's in Newry and swooped down on his corn, as I supposed, and took nine ears.

I called at the house to settle and was savagely barked at by a dog inside and received a similar welcome on my return. Dave and family were away. I couldn't well leave the valley and be accused of stealing corn so I spoke to the next person I met in the road and asked if Dave Fleet owned the field of corn nearly opposite the white schoolhouse and was told he did not. I soon learned the man I was talking to owned the corn and I offered to pay him and he refused to accept money in condolence of the crime of stealing and said I was welcome to it and I might go back and get more if I wanted it.

His name was Eames and he lives on a farm on the bend in the road this side the school house and near a trout brook. He told me the farm had been in the Eames family for more than a hundred years, barring a few months it was owned by Mr. Springer of Bethel. This Mr. Eames, the 3rd or 4th in the line of decent, had been back there this time 12 years. His father sold the place and went to live at Rumford. The son rather stay on the farm than in the city, but sometimes he thinks he'll sell, but hasn't fully made up his mind on that point. There are a hundred or more acres.

The Sargent place where you turn to go over the mountain—short cut for the Bear River valley, has been rebuilt and newly painted and looks pretty and prosperous. I do not know who owns it. The barn opposite, where the only visible support of the sleepers was air has been taken down and this time honored roadside curiosity has been removed.

All of the birch mills up Sunday River are silent. Batchford's near Orran Littlehale's has a big amount of fresh saw dust visible and indicate recent operations.

Judge Wm. F. Jones, et al of Norway have bought the Simpson lot opposite Dave Fleet's and may commence operating in the near future.

Several bolt choppers are working up river. A family is living in Stillman's blacksmith shop. They have some children and a newly born baby.

New stringers are going under Bull Branch bridge; one of the old ones is broken or cracked and Road Agent DeMerritt has the new ones ready to put in. Some heavy autos pass over this bridge and it must be kept strong or posted as unsafe.

I'm hoping soon to visit DeMerritt and get a view of the sun rise from his front door. Bears, coons, deer, scenery and memory of trout yet linger in this vicinity.

Augustus and Lafayette Littlehale are holding down some crops on the old farm and were getting in hay at the Frank Littlehale place when I came along. Augustus divides his time between his city home in Bethel and his country estate in Ketchum, where I guess the sun and surroundings are more to his liking. Dr. Twaddle of Bethel owns the Luther Littlehale farm, also the Fifield place, maybe 800 acres all told. Wood choppers are living on them instead of farmers. Ten productive farms on the road from Bethel here have been abandoned in the past 30 years. This indicates people get a more desirable living elsewhere and have moved away. Some have gone to Bethel, Norway, Paris and to distant states.

Dinner was cooked at the camp and at 4 o'clock Walter headed the machine for home. "A bridge up" necessitated a detour by the Dudley cottage. It was too late to call on Ed. Perham and wife, but a glance at the place showed it looking neat and trim and prosperous. Painted white rocks sets it out in improved barbaric fashion, no doubt pleasing to summer guests.

The return trip was 42.2 miles.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief.

Fryeburg--Western Oxford Fair

15,000 People In Attendance Wednesday. Sights Seen About the Grounds

The 67th annual exhibition opened with clear sky and a favorable outlook for record breaking attendance, which was sustained for the first two days.

Tuesday's was the largest first days attendance for many years or at least Secretary McKeen is authority for saying that the largest sum of money was received for any first day ever held on the grounds to his knowledge and he has been familiar with the fair for many years.

The second day was considerable more than an average even if the weather was a bit threatening early in the morning. It was estimated from 12000 to 15000 people were on the grounds at 2 o'clock p. m., Wednesday and only once in the history of the society was it exceeded.

The ticket sellers were Ralph Hill and Walter Stone and both were kept busy as well as F. D. Swan, who sold from "the coop." Several tmes nickles became scarce in making change and the bank in the village had to be visited.

Gates were in charge of A. A. Fessenden, Richard Gaffner and E. N. Fox and they were kept busy.

Secretary McKeen was ably assisted by E. W. McKeen and H. G. Lowell and they were in a storm center of activity for many hours.

Officers on duty were: C. W. Farrington, president, and A. D. Merrill, treasurer. Harold W. McKeen had charge of the grounds, Frank B. Woodside, tickets, B. Walker McKeen, trotting, John B. Danforth, exhibition horses, Geo. H. Walker, stock, and C. T. Shortridge, fakers.

The midway was crowded. The attractions were the ferris wheel, merry-go-round, circle wave, Baby Jim, weight 793 pounds, 9 feet tall, Al. R. Smith's athlete shows, palmistry, vampire girl, a booth for the benefit of the Fryeburg Academy Athletic Association, Zisco, that strange girl, maniac marmaduke, clothing and a fit for everybody, ice cream, peanuts, popcorn, fruit, soft drinks, games of chance, "hot dogs," and innumerable things to eat and drink, see and hear. Different modes of autos were demonstrated. "A car for every purse." The winter attachment for use in deep snow was shown. There were souvenirs made by Belgian prisoners.

Longley & Butts of Norway, agents for Oxford Co., were there Wednesday, demonstrating the Western Electric Co's. lightning system for use on the farms and villages where electric lighting has not been installed.

Archie Hurd managed the dining room under the grand stand.

In the Society's Halls

Quilts, my! The hall was festooned with them. No self respecting fair would be without quilts, and rugs, a close kindred.

The Eagle Grange, No. 294, of North Chatham had a case filled with 31 specimens of cooked food. The jellies were clear as a quill and the canned goods ran the whole gamut. The fancy work had a practical turn, nevertheless was handsome. M. A. Charles had hand made wooden articles. The largest of which were a writing desk, a mosiac stand and work stand.

R. P. Skeetop had Indian craft articles, including sweet grass baskets. The Jersey cow and her story was told and well told. Portland Express Room was cozy and restful. Jewelry, rings, bracelets, beads, etc., were sold from several booths. Harry Fessenden of Woodfords took subscriptions for popular magazines and had them there to show the people.

The vegetables looked well for this year. A. A. Fessenden, Fryeburg had prize cabbages, pumpkins, squash, onions, beets, turnips, carrots, cauliflower, parsnips, tomatoes, potatoes, peppers, etc., a big garden record. W. H. Walker of Stow had twelve carrots that were "large ones."

Canada Chester seed oats were shown by Leon Charles, Fryeburg W. Q. Richardson, Fryeburg, had eight variety of potatoes, also red onions. Mrs. Chas. Baird of South Conway had a basket of turnips and one of tomatoes. Edgar Blake of Brownfield, some fine looking Green Mountain, Early Queen and White Mountain potatoes.

In the trace corn department Frances Kenerson of Fryeburg had some bright looking popcorn; also Margaret Kenerson and Kenneth Lord of Denmark. Sweet corn by Charlie and Henry McKeen of Fryeburg, yellow eight row by W. Q. Richardson. Yellow corn by Charles Baird, Frank Barker of Fryeburg, Ellis T. Potter, East Fryeburg, Wilton Warren, Denmark.

Eagle Grange had vegetables and farm products galore, among which was a ladder of yellow corn and a diamond box with diamond departments of all kinds of seeds. Fryeburg Grange, No. 297, had a large display of vegetables and other products, and the biggest of pumpkins.

Fryeburg Grange, with the rest of their display in the upper hall, occupied an entire length. They had a case of 29 kinds of cooked food that made you hungry to look at. Real wool rolls, with yarn and hand knit goods held the central place on the fancy work display. The paintings gave evidence the grange had artist members. Mrs. Pearl Bemis of South Chatham had dainty woven rag rugs. There was certainly some beautiful fancy work most masterfully arranged.

Butter was shown by Mrs Samuel Richardson, Mrs. Lester Kiesman, Mrs. A. A. Fessenden, Mrs. Chas. Kimball, Mrs. Henry Andrews, Mrs. A. J. Smart, Mrs. George H. Coleman, Mrs. Frank Seavey, Mrs. L. D. Charles, all of Fryeburg. These were five pounds in plates with the exception of some fancy designs by Mrs. Richardson.

The apples and fruit were a credit to old Oxford this off year. Mr. Chas. Baird had cut flowers and a basket of peaches.

Mrs. A. C. Bradley of Fryeburg had a collection of fifteen paintings, mostly in oils. They were of local scenes.

B. T. Newman of Fryeburg, the artist, had bout 30 pictures. Perhaps this collection was the most attractive of the many good things. These were a number of local views. The largest picture was four deer in a pond surrounded by mountains.

Mrs. L. H. Chandler had a collection fall and winter fruits tastefully arranged. She took a first prize as she deserved it.

Lawrence M. Gray of Fryeburg had school drawings, colored maps of the states of the union on section cards.

Vermont Farm Machinery Co. was represented by Herman Mason of Bethel. He showed the Ætna fruit drier and the United States Cream Separator.

Cressey & Allen, Portland, had pianos, victrolas and the "latest music." They made music for the hall.

Charles Kimball of Norway had "The insurance information bureau" and both Mr. and Mrs. Kimball were ready to answer questions on insurance matters.

Maplelene is made in Seattle, Wash., and tastes simiar to maple syrup when mixed with sugar. M. D. Ordway is representative of Maine and fed the multitude with a taste on a fancy cracker.

Mrs. A. L. Freelove of North Bridgton had her usual fine millinery and took many orders.

Nina Shortridge, 14 years, Fryeburg, took 1st prize on a loaf of brown bread; Ruth Coleman, 12 years, Fryeburg, 1st on plain cake; Beulah Chandler, 8 years, Brownfield, 2nd. Mrs. A. G. Cram, Fryeburg, 1st on brown bread, Dorothy Coleman, 2nd. Doughnuts, Mrs. L. H. Chandler, Brownfield, 1st, Mrs. A. S. Cram, Fryeburg, 2nd. Large Lot of Fine Cattle

The cattlemen agree in saying there has been no better or larger lot of cattle exhibited in any one fair, "taken by the large," than at Western Oxford. They were surely well cared for and contented —fat and sleek cattle.

R. F. Webster of Conway, N. H., had his herd of full blood and grade Holsteins, ten in number. Herman H. Gilman, West Fryeburg, a herd of full blood and grade Holsteins. Warren H. Bailey of Hiram, full blood and grade Hereford herd of eight and a pair of matched working oxen.

H. F. Lord of West Denmark had a herd of fourteen Herefords, headed by a registered bull, 4 years old. Mr. Lord sold a heifer calf to Joseph Weeks of Parsonsfield as soon as he got on the fair grounds. While he got his price, he confesses it did not come up to that of the Hereford heifer calf sold at the Waterville fair for $375. He has a bull 8 months old, bought of Van Carl of Whiterock from a bull that weighed 2,160 lbs. The son, Kenneth Lord, had a pair of matched grade Herefords 6 months old and a thoroughbred 2 year old heifer.

Milton Varney of Porter had a pair of cattle entered in three classes, viz., matched pair 2-year-olds, best pair and town team. Besides he had three other pairs of steers. Arthur Gilman Porter had 2 pairs of steers.

Rupert Norton of Porter had a Hereford herd headed by Glemmore Disturber No. 496,951. Kate Fairfax is a noted stock cow and the calf, Louise Fairfax, comes in for her share of attention in this family. There are others with their pedigrees posted in this herd of eleven. Russell R. Smith, Denmark, had steer calves and a grade heifer 10 months old, also four other cattle.

B. E. Smith of Conway, N. H., had matched 1-year-old steers C. E. Cobb of Denmark had two Shorthorn heifer calves marked sold. No need saying they were good ones. A shorthorn bull, white in color, 3 years old and a herd of twenty.

A. D. Harnden of East Fryeburg had a matched pair of steers 3 years old, one pair 2-year-olds, one pair 1-year-olds. Mr. Harnden also had his shorthorn herd. The bull, 4 years old, is a noble fellow, and the cow 5 years old had the place of honor. His stock numbered fourteen.

Wilton Warren, Denmark, had a herd of ten, among which was a fine looking pair of dark red oxen. Arthur McDonald of Brownfield had matched and working oxen. J. W. Perkins of Brownfield had grade Herefords and working oxen.

Sewell Johnson of Freedom, N. H., oxen. A. O. Pike, Fryeburg, full blood Guernsey bull and grade Holsteins. J. W. E. Walker, a Jersey bull calf.

Among the drawing oxen were some entered by Fred C. Hartford, Hiram; C. O. Hartford, Hiram; C. V. Hartford, Hiram; C. F. Clemons, Hiram; Guy Boynton, Brownfield; Fulton Burnell, Hiram. Russell R. Smith, Denmark, had six pairs.

Snowball and Snowflake, Bean's famous shorthorn trick steers, owned and trained by Prof. C. R. Bean of East Hiram, were there and entertained the crowd.

H. B. Eastman of North Fryeburg has his full blood and grade Jersey herd, 15 in number. They are a pretty looking lot of cattle and have a strong family resemblance seldom seen in so many individuals.

C. M. Farrington of Fryeburg had his full blood Jerseys, 14. The 3-year-old bull, Golden Prince Raleigh, was bought from the late Dr. King Jersey herd of Paris. There was a cow and two 2-year-old heifers from the Hood farm of the Merry Maiden strain.

W. W. Pike, Hiram, had six full blood Herefords. E. C. Buzzell, Fryeburg, had nine grade Herefords and grade Holsteins.

Sheep and Swine

There were few sheep shown and we failed to find the swine. George H. Walker, Fryeburg, had five lambs and six sheep, grades. E. C. Buzzell, Fryeburg, a flock of twelve.

Baloon and Parachute Drop

A hush came over the immense throng when the mooring of the baloon was cut and the ascent made with human freight. Weather conditions were good and at a thousand or more feet the drop was made and young Bonette was eased back to earth under big umbrella. The landing was made across the river not far from where he landed the day before.

The elder Bonette is suffering from broken ribs and his son made the ascent and drop. They live at St. Johnsbury, Vt., and are well known throughout New England as successful mid-air performers.

It certainly was a big attraction at this fair.

"I WAS ALL RUN DOWN, WITH NERVES ON EDGE," SHE TOLD

"For over a year I was miserable from stomach trouble, nervousness and sleeplessness," explained Mrs. T. A. Blaisdell of 381 Broadway, South Portland. "I couldn't relish my meals at all because everything I ate caused gas and bloating and often acute pains.

"My sleep was so broken and restless that often I would rise in the morning just as tired and worn out and achy as when I went to bed the night before. I dreaded to begin the day, it seemed so long I had to force myself to do my work.

"I was all run down and my nerves were on edge. I used to fuss over little things.

"A neighbor who had been almost as bad as I was, told me she had taken Tanlac and that it had completely relieved her, and she certainly looked it. That is how I commenced Tanlac and it did me so much good so quickly that my husband who needed a good tonic, began to take it, too.

"Now we never get tired of talking in favor of Tanlac. Stomach trouble and nervousness left me. I couldn't sleep better and I wake up refreshed. I don't have those despondent spells and the day is over before I know it.

"Being so grateful for the change Tanlac brought, I gladly told my experience for the benefit of others who are looking for a good remedy and don't know about Tanlac."

Tanlac now is being specially introduced in Norway at F. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard; Harrison, Eugene Tenney; Bridgton, F. E. Stevens; Waterford, L. E. Rounds; East Waterford, R. E. Pinkham; West Paris, S. T. White. Adv.

SOLDIER KATRON CAPTURED CIVILIAN

One of the best and most exciting wrestling matches seen in town was pulled off in Norway Opera House Thursday evening, Sept. 27, under the management of L. M. Carroll and his assistants. Soldier Katron, the pride of Fort Levett, captured a clean fall in the main bout from Peloquin of Berlin, who claims the light weight championship of New England and won the match on a decision over the New Hampshire man in the second round when he retired after a tumble from the mat. Johnnie Aspinall of Norway secured two falls from Ray Russell of South Paris during the semi-final. Mike Nadir of Norway cleaned up two straight from Kid Payne in the preliminary.

There was some confusion in staging the preliminary match, but the choice fell to Nadir and Kid Payne and they worked off a good exhibition with Kid Stanley as referee. Both youngsters were in fighting trim and throwed the machine into high with plenty of gas right through their turn. The Kid was gamey with plenty of snap, but the Syrian worked carefully for holds, winning each fall in 11 minutes.

Both wrestlers in the semi-final marked time every minute. Russell opened the first with a low dive and made the leg hold, but Aspinall broke the clinch, driving his opponent against the ropes continually. He released his strength and had the Paris boy in mid air many times. Russell held his nerve and by working off fast stuff, played marbles all about Johnnie at times. Excitement ran high when in a mat rolling contest Aspinall squeezed Russell into a body scissors and Nelson for the first down, time 5 minutes, 30 seconds. A grand display of fireworks was touched off during the second round of this match, causing a three cornered mix-up between referee Frank Rollins, the contestants and spectators. Everything in the ring was well oiled during the first eight minutes of this bout. Both chaps were doing a fast turn, showing agility and strength with a sprinkling of acrobatics. Playing against the ropes came in strong. Holds were quickly made and broken with strength in favor of Aspinall and rapid foot work with clever ducking strong for Russell. When in a swift struggle and clinch, Russell had the Swede upside down with the shoulders apparently flat, he misunderstood the situation and gave up, thinking a fall had been awarded him. This move was premature as no such decision had been rendered officially. Someone in the crow rendered officially. Some one over enthusiastic in the crowd yelled "down" and this caused the tongue wrangle. Impromptu arguments started immediately between the referee and the hilarious crowd, with everybody on their tip toes butting in with free advice. To settle the matter, Rollins retired and the boys went after the ham once more with Kid Stanley officiating. Both realized the importance of passing up a surprise to the other, so snappy things happened. Trick play, Sampson feats, near-falls and ducking came over rapidly. At the finish Aspinall found a low hold passing Russell into the air. The Paris grain heaver landed head down with a thud that limbered the shoulders for a fall. The whole time was 21 minutes, the last half being 11 minutes.

The main bout proved fully as melodramatic as the semi-final. Katron entered the ropes with an ovation and Peloquin was not far behind in his reception. Frank Rollins was selected as referee with Mickey Welch time keeper. Purse $50, best two in three, winner to take all. Catch as catch can with strangle hold barred. Both weighed close to 140 pounds and nearly the same height. Katron gave evidence of intensive training in military affairs for his muscles were in prime condition. Peloquin, though powerful and well set up, had not the whip cards that indicate an ideal athlete. They got away slowly with the customary scouting expedition, trying out the other's strength before starting a drive. When business started, both played fast with ringside interest keen, this proved too good and Peloquin eased up and covered the mat with Katron on top gunning for an advantageous position. Katron landed the body scissors first, afterward held the double arm bar that closed the first round in 7 minutes and 30 seconds.

Both let loose at sight in the second round with a merry chase over the carpet. Spectacular stuff came fast until the Army man got Peloquin flat again in the same holds that closed the previous mill. Peloquin was able to break the combination and looked good for a long visitor, possibly in line to chalk up one. This proved only short winded for Katron worked the New Hampshire champion back to the mat for a rest period. Conclusions were reached when in trying to break from a double bar Peloquin started a brisk rolling scheme. Both reached the ropes with Katron on top the load, Peloquin went through striking heavily on the floor three feet below. He gave up and retired, the referee allowing Katron the decision according to rules. This trick was done in 6 minutes, 30 seconds. Peloquin wanted to return in ten minutes, but there was nothing doing.

This condition of affairs opened another windy conflab, the fans taking sides according to their inner knowledge of the game. Several spectators within two feet of Peloquin when he fell, claim the soldier had him for a down before he dropped to the floor. Others believe the referee in the right, but Sergt. Collins, Katron's manager, should have been a sport and let his protege go back for a decision from the better man. Still another bunch agreed that the down and outer had the right to call "time" if necessary, therefore the verdict is illegal. The question was vigorously expounded from these angles until the hall lights were turned off, then hamberged on the street corners until a late hour. It is still a live topic about town. All agree on this point, that Soldier Katron is a great fighter, able to deliver in his class and are sorry that a definite finish was not made. Peloquin, though greatly disappointed in the referee's work, is willing to meet Katron at any time or place to settle the question.

Ring Side Conversation

Frank Stairs, Norway, a wrestling promotor, states he is willing to back the Soldier against any and all comers in his class. Frank says it is his opinion that Katron will prove one of the hardest men in the market to defeat.

It was suggested that the mat be placed on the floor and not jacked up. In case of falls through the ropes nobody will have an excuse to claim exemption for alleged injuries. The ring siders would miss little by the change and the big house is upstairs anyway.

Manager Lawrence M. Carroll in a speech explained his reasons for entering the wrestling game again. The boys want live sport during the winter with something to talk about, this proposition being about the most popular thing to handle. Three assistants will handle the shows under his supervision and so long as they play fair with both the public and talent, he will stand behind this amusement, otherwise a new manager will be in order. Plans are being made to bring to Norway many high grade wrestlers if the public show their desire by a liberal patronage.

Soldier Katron has a contract to earn soft green backs during the winter at Greeley's Theatre, Portland, in bouts to be staged with all comers at his weight. It means $50, win or lose.

Wilfred Peloquin came down with an auto load of rooters from Berlin. All were greatly disappointed in the result, but refrain from making any harsh remarks. They did say the management was unfortunate in their choice of referee but consider Rollins played fair and passed it out to the best of his knowledge.

The management have an open challenge from Kid Bolduc of Salmon Falls, N. H., who claims the Light Weight championship at 133 pounds to take on the winner of the main bout for a reasonable purse. He is now up against the "Sammie."

Truman, the Maine champion, also agreed to throw the husky Rollins three times within an hour, purse to be divided in a way satisfactory to both contestants. This match will be a go. Rollins has reduced his weight since winter and will give Truman some exercise if he wins.

Katron, welter weight champion of Iowa, was accompanied by his manager, Sergt. John C. Collins and Sergt. C. Higgins, both from Fort Levett, others would have come if passes could have been issued. There were bitter tears in camp when word came that the match billed for Saturday night was cancelled. A big auto party had been arranged and the soldiers intended to sweep our lines on the run. The U. S. boys are good sports.

Peloquin suffered a hard knock on a sore knee pan when he took the drop from the mat. In a match two years ago an injury put him out to the extent of several weeks' loaf and nearly $150 in cold cash. Safety First has been his motto since.

Manager Carroll will be assisted in the coming series by "Kid" Stanley, well known among the sporting fraternity for his ability to move things as floor manager. Fred Ledger and Eddie Foster will carry on correspondence, handle the paste boards and become general utility men. They are also well known where the game is played and will do their part in making the shows a success.

To avoid confusion and impart information, an announcer with leather lungs should spiel the result, the winning holds and time after each bout. A real fan wishes to know it right through and it also adds class to the bill.

Wm. C. Hobbs' Family Reunion

On Sept. 22 and 23 occurred the annual reunion of the William C. Hobbs family at Elmwold, Norway. At the residence of the oldest daughter, Saturday noon found a goodly number present. Through the afternoon they still came by team and auto, and at supper time there was a merry crowd gathered in the big dining room to partake of an old fashioned baked bean supper. Some were rather sceptical as to whether the beans were produced in Norway or Hebron, be that as it may, the rate they disappeared caused the hostess some fear lest the demand exceed the supply.

After supper all adjourned to the parlor to greet still more newcomers. The evenings were spent in a social way including the annual business meeting. There has been one death in this large family. The father at 87 passed away on the last day of the past year. It was voted to meet the first of October 1918 at W. Herbert Hobbs at Island Pond, Vt. It was at a late hour when all retired, some to seek rest at kind neighbors. Sunday was an ideal Indian summer day. The forenoon was spent in welcoming the last new comers and in roving over gardens and fields. This year a large number of the grandchildren and great grandchildren were present.

At noon two long tables were more than filled to partake of a dinner, as far as possible, raised on the farm. After all were satisfied, all repaired to the lawn to have a picture taken, each member of the family with their respective families lined up on the lawn. When all was in readiness, Mrs. Edith Manly and Mrs. C. A. Haskell honked an auto horn with the usual remark, look pleasant please, when presto, change Mr. Walter Hobbs quickly stepped from the line and in a few well chosen words presented the host and hostess with a goodly sum of money in remembrance of their wedding anniversary, it being their 42nd wedding anniversary To say they were surprised could not begin to express it, however they expressed their thanks not only for the gift, but the presence of so many which made the day so enjoyable. All too soon teams and autos were reluctantly filled with departing guests and passed out of sight on their way to their homes. Standing on the lawn with the few remaining guests under the wide spreading folds of the American flag our thoughts turned to our soldier boy, Crosby Hobbs, son of Fred Hobbs of Hudson, Mass., now stationed with the marines at Hingham, Mass., ready to go we know not where, to fight for our country and the flag we love so well.

Fred Hobbs of Hudson, Mass., and Adna Hobbs of Miami, Fla., were unable to be present. Those present were Mr. and Mrs. E. A. Cox, Walter C. Hobbs, Boston, Mass., Herbert Hobbs, Theron and Freda, Island Pond, Vt., Mrs. Clara Gilman and daughter, Doris, Annie Hobbs, Lynn, Mass., Mr. and Mrs. C. W. Cummings and children, Carleton, Marion, Harry and Lawrence, Hebron, Claude Cox and son, Chester, Auburn, Mr. and Mrs. C. A. Haskel and sons, Francis, Gerald and George, Mr. and Mrs. Carleton Cox and son, Jesse, Mrs. Marion Holt and baby, Anna, Mrs Edith Manley, Auburn and Cora Wentworth, Denmark.

Timothy L. Heath lost a bushel of potatoes from his Pike's Hill garden one night recently, more would have been taken if the thieves had used a light and picked all up that were hoed out. Timothy went on guard the following night until eleven o'clock, but nobody appeared for a second helping. He was fitted out to start something if occasion required. Others report losing bean stacks by the cart load.

Mrs. Lillian Swan is caring for Hiram L. Libby, who is seriously ill at his home on Deering street.

Mr. and Mrs. Elgin Greenleaf returned from their camp at Sugar Island, Rangeley Lake, Tuesday. Business was only fair this summer because of the late season and war conditions. Things hummed while fishing remained good.

Cheaper Cars Now Cost as Much as the Hudson

Price advances of cars which sold at $1200 to $1400 increase the preference for the Hudson Super-Six. Its price, too, must soon advance.

Former cheaper cars now cost about as much as a Hudson Super-Six. That is because of the headlong increase in material costs. Some materials are almost double the costs of last year. The Hudson Super-Sixes now built are from materials contracted last year. Since then other companies, having exhausted their supplies, have had to buy in the present market. That accounts for their price increases. When Hudson materials are exhausted, then the Hudson price, too, must go up.

The Super-Six was the choice against other cars when its price was $200 to $300 above them. That was shown by its sales. Almost 40,000 cars were sold, which is more than the total sales of any two of the cars which now have advanced up to about Hudson price.

Now that there is no difference in price, all will prefer the Hudson Super-Six. It will be compared with no other car. No other car has shown its records for performance and endurance. No other car has proved so popular. Today you can buy a phaeton, seven-passenger model, for $1650. Other models compared to similar types of other cars are equally as favorably priced. But to take advantage of these present prices you must act promptly.

When the present supply of materials is exhausted, the price must be advanced. It will then be influenced by the present higher material costs.

NORWAY AND VICINITY.

Mrs. Sarah J. Boynton

On Tuesday, Sept. 18, Sarah J. Boynton, widow of the late Gardner B. Boynton, died at her home in Lynn, Mass. She had been troubled for some time by a hardening of the arteries which finally induced heart trouble and also kidney trouble, but she had been able to be about her home and assist in the work until within a few days of her death.

Mrs. Boynton was born in Bangor, April 6, 1837, and so was eighty years old last April. Her first husband was Robert Sands of Brownfield, by whom she had two children, Mrs. U. H. Trull of Haverhill, Mass., and Mrs. Henry Bee of Lynn, Mass. After the death of Mr. Sands, who lived but a few years after his marriage, she married Gardner B. Boynton of Brownfield, who died seven years ago at Lynn, Mass. Six children were born to them, four of whom are living, William G. Boynton of Lynn, Mrs. G. Fraser of Walpole, Mass., Mrs. Z. Willis Kemp of Kingston, N. H., and Arthur W. Boynton of Roxbury, Mass. There are nineteen grandchildren living. Mr. and Mrs. Boynton lived for many years at Norway, where Mr. Boynton was a tanner. After leaving Norway, they lived several years at Peabody, Mass., and then they moved to Lynn.

All her life Mrs. Boynton was interested in religious and philanthropic work and at Norway she was an active member of the Congregational church. In Peabody she became a member of the First Baptist Church, where she entertained her membership to the time of her death.

The funeral services were held at the home in Lynn, and were conducted by Rev. Healey of St. Paul's Methodist church. All of her children and several of the grandchildren were present. The many beautiful floral offerings were silent tokens of the esteem in which she was held by her family and friends. A kind and sympathetic neighbor, a true and faithful wife, a tender and loving mother, her death will bring a deep sense of loss not only to her own family, but also to the large circle of friends who knew her worth. She did her life work well and has gone to her reward.

Mildred Curtis, who commenced teaching domestic science at Houlton last week, was taken seriously ill, Wednesday, appendicitis was feared, but at last reports she was better.

Printzess Week

OCT. 8 — OCT. 13

The Nation Wide Fashion Event

During this week the style appreciating women of America, from the Atlantic to the Pacific, and the Great Lakes to the Gulf, will make it their business to visit the Printzess store in their City to see for themselves just which models of the designers of women's outer apparel have been adopted.

It is a Style Occasion of Importance

Our Garment Department is at the Height of its Attractiveness During Printzess Week, and extends you a cordial invitation to visit it.

We have for your inspection a choice selection of fashion's latest decrees in

Fall and Winter Coats and Suits

Our Printzess Coats are very popular with every one, the handsome materials, rich colorings and the novel effects in collars, belts and pockets go to make up the splendid style that characterizes these garments, and then the prices are more reasonable than you'd expect this season, in fact they are more reasonable now than they can be later on in the season.

Printzess specials at $21.00, $22.50, $25.00, $28.00 and $35.00.

Other Special Coat Values from $8.50 Up

An Interesting Story

The general impression that women's coats and suits are much higher priced this fall is largely overestimated. As a matter of fact, there is very little difference in the cost. It is quite true, all materials and labor are more expensive, but conscientious tailors (the only kind from whom we buy) have maintained the high quality of garments at nearly the same prices, by eliminating extra furbelows. The full amount of the expenditure goes into the garment proper.

You will find them a particularly pleasing lot at most reasonable prices.

Suits priced from.....$12.50 to $28.00

OTISFIELD

Orin Hancock's House Burned

Orin Hancock's house and sheds were burned Monday night, but the barn was saved. The loss is about $2,000 with partial insurance. More than forty men from Otisfield and Bolster's Mills responded to Mr. Hancock's appeal for help and the earliest arrivals were able to assist him in removing a portion of the furuiture. There was no wind, which favored the men who wet the roof and sides of the barn, and it was spared thereby.

While it is not known just what started the blaze, it is thought a defect in the chimney or a spark was the cause. This was an old house, but had been repaired and was in excellent condition. Mr. Hancock has lived there all his life and the site is on a hill half a mile from Bolster's Mills. The family discovered the fire just before eight o'clock in the evening.

He also spoke of what it meant to be at the head of a National Organization! The president of the different organizations were invited to speak and all expressed their great pleasure at the high honor bestowed on Mrs. Tarbox and realized fully it was merit that brought the honor to Maine, knowing how faithfully she has filled all the state offices and several in the National during the past years. Mrs. Potter, president of Farragut Relief Corps, Bridgton, said, "We have been as proud of Mrs. Tarbox's noble work all through and were as delighted at her high elevation as though she belonged to us."

After all present had "thrown their bouquets," Mrs. Tarbox was called on and thanked all for the delightful reception, spoke very feelingly of the Veterans also of her honors received and of the increased encumberent upon her office this year, owing to the war, of the necessity of continuing teaclling patriotism in the schools and closed with a beautiful tribute to her husband, who, though not a veteran, had aided her in her work through his appreciation of what the soldiers gave to us.
